You always were and will remain an inspiration in my life Harriette. You and Helen were my idols as a little girl, and your kindness and caring have remained with me through the years. I looked forward to my visits with you every year as a young girl and cherished the memories we made during those precious times. You gave me a moniker when I was very young and to this day, I am and will always remain your Annabanana! I was so privileged to have met those you loved and who loved you – Don was such a wonderful man and was the love of your life Harriette and Mac is just down right wonderful and was the love of Helen's life. I feel blessed that I was able to spend so much time over the years with the Fantastic Four, and I will cherish those memories until I see you all again! Please give Don and Helen and my Mom, Dad, Grandma and Grandpa a big hug and kiss for me. I love you so and will miss you my sweet wonderful Lady.PS: I bet you and Helen are dancing already!

Seeing this lovely photo of Harriette brings such a huge smile to my face as I remember the many years we worked together at Richards School in Whitefish Bay, WI. Harriette was a very special person and a wonderful teacher – always so willing to help and do whatever was needed to provide support to her friends and students and their families and absolutely anyone who needed anything. Her heart was as big as the sky – and her laugh brightened many a day for all of us who had the pleasure and privilege of knowing her and working with her. My sincere condolences to her family and friends in FL.
