Richie got me to come to Pepsi back in the mid 80's. He made Pepsi a great place to work, with tremendous pride, and I'll never forget the impact he had. I would occasionally see him at a convenience store and say hi..even after all these years, he remembered me. I'm shocked to see of his passing.

We have lost a good man at a very young age. So sudden and unexpected. It makes you wonder how the Lord decides who goes when. If we believe in Heaven we know where he is going. We didn't see much of Richie because of the distance between Florida and Illinois but we will miss him a lot because of the person he was.

Richie you had a bigger than life personality with a huge laugh and even bigger smile. Our family was blessed to know you through Racing karts the last 6 years. We were supposed to see you Saturday and had just spoken to you the day before. You were so excited to see T run. It hurts our hearts to know we will never hear "Yea Man!" OT "Get after it" again. Saturday while everyone celebrates your life. We will be celebrating you on the track. I know you wouldn't want him to miss the race. This one is for you buddy! Lots of love to you our friend.

I have been a good friend of his dad's for about 30 years and have met Richie numerous times. I know that he was a very good friend of my parents and would visit them when he was in the neighborhood when he came by to visit his dad. My dad was a fan of his racing exploits and went to many of his races. My parents had his race car number as their front plate for a long time. I know that he will be dearly missed by his friends and family. God rest his soul and may he rest in peace. My heart goes out to all of his friends and family and I hope that they can see their way through this with the help of God and their friends and family. I love Andy like a brother and would always spend time with him when I was in Florida visiting my family in the same park where they both lived. God bless you all. God bless.
