Thank you Pop for everything... for teaching me and for raising me. Most of my passions in life I learned from you. You have been a GREAT father to me and I love you dearly. I will never forget our final conversation when you thanked me for being your son. I think you just wanted Marcela to see two grown men cry like babies. It's been so very hard for me losing you, but I know in my heart that you are in a better place... enjoying the glory of God. Until we meet again... find us a good fishing spot and get our poles ready. I love you ??
