Dear Nancy and family, Tricia and I were saddened to hear of Nelson's passing last week. Nelson played a significant role in my career in Huron and at the Medical Center. I was the first employed physician for the newly formed Northcoast Professional Corporation in 1996, now called Firelands Physician Group, with nearly 50 physician members. This visionary planning was one of many examples of his excellent leadership and dedication to patient care in our community. I also enjoyed our frequent conversations, on a variety of topics, as friends and neighbors. I will miss him, and take joy with his lasting legacy at Firelands Regional Medical Center and our community. We will keep you in our prayers. Tricia and Tom Williamson

I am so grief stricken from this terrible news! Nelson was someone I admired so much. He was a gentleman of many great qualities and was a role model to me and others who had the privilege to work under his leadership at Firelands. I personally will miss his friendship, that twinkle in his eye and his warm smile! I am so sorry Nancy and extend my deepest condolences to you. I can't even imagine how difficult this must be. Please know that you and Julie are both in my thoughts and prayers. My one consoling thought is, what a beautiful moment it must have been when Nelson was reunited with Keith who he missed so much. I love both of you.
