I am so sorry to learn of your dad's passing. Clarence and I worked together at FMC for many years, assembling and testing napkin folders. Our work benches were right next to each other. After his retirement, I would stop to visit your folks when I got done biking. He will be remembered for being a really hard worker. A few years ago I did try to find him but with no success. Know that he and your families will be in our thoughts and prayers. Rob Stoller
