I worked with Terry when he worked at Exxon Research and Engineering Company in Florham Park, NJ early in his career. We were on assignment together in Billings Montana in 1965. He was a brilliant engineer and we at Exxon hated to see him leave our company. He would have gone far! Earle Nirmaier

I worked with Terry at Amoco Chemicals in several capacities. Terry was a very good research manager but most of all a wonderful person with great character. So sorry to hear.
