This little message comes years after Judy's passing, but it is never too late to say good-bye and above all, thank you. I was a 6th-grader back in Tunkhannock, PA, where Judy was a high school English teacher. She directed a number of musicals at the high school that were all great successes. One of them - in the spring of 1973 - was the musical "Oliver!" and lucky me, Judy chose me for the title role. I have always cherished that experience and felt so fortunate to have known such a kind and competent director as Judy. I'm including a picture of the kind words she wrote to me on the night of the final performance of the play (March 31, 1973). I really wish I had stayed in contact with her, for she truly was a very special person!

I recall Ms. Springston as my favorite faculty member during my time at Bishop Verot. I enjoyed her fantastic sense of humor on campus and during our European tour. Most importantly, I appreciated how she treated everyone with respect, kindness, and love.

"Aunt" Judy was one of the most influential people in my life during my teens. She encouraged me in my academics and boosted my self-esteem by casting me as a lead in several high school plays. Funny but firm, her passion for learning touched all of her students. I feel so lucky and blessed to have known her.
