Ditto what my fellow UPS colleagues have said above. Paul was an awesome professional. He "single handedly" saved the UPS new hire class of October 3, 1994. I worked and flew with Paul many times. Pat Klinker, UPS Captain (retired)

Paul was a smart and funny ground school instructor who made many of us better flight engineers and ultimately better pilots. He is one of those in the long line of training instructors who I will never forget and forever be grateful for his wit and humor. In a word, he made learning fun. God Bless you Paul and God rest your soul.

Paul was special to me as I'm sure he was to many who knew him. I'll always remember his smiling face and friendly disposition. Our personal greeting whenever we saw each other was my saying "how is Paul today" and he would respond with his infectious smile "I'll ask him when I see him". It doesn't surprise me Paul continued his work after retirement from UPS helping people, it was his passion! He will be missed! My sincere condolences and regards to Paul's family and friends! I'm so sorry for your loss. Please accept my deepest sympathy. May you find comfort from your memories, as well as the comfort found in God's word the bible. Romans 5:12 says, "That is why, just as through one man (Adam) sin entered into the world and death through sin, and thus death spread to all men because they had all sinned." How loving of God to promise what is found at Revelation 21:4 which says, "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away."
