My dear, sweet, special childhood friend of mine, I'm absolutely heartbroken to find out 11 years later you are gone. Why did I wait so long to find you and then to find out we'll never be able to laugh at the silly things we used to do. MonaLisa is what we were! Mischief queens of church camps we went to every summer growing up. Endless sleepovers and sneaking out to meet the preachers son. You were my childhood fun, filled with laughter and fears, boys and tears, we went through all the changes in girlhood to womanhood together. I never thought in my wildest dreams I'd ever be writing in your obituary to tell you how much I love and miss you. I will forever hold our friendship in my heart. Rest in peace beautiful!

My name is DEREK Witt. I used to know Monica when she lived in the Florida Keys. Then, I moved to Costa Rica and we lost touch. I was stunned and saddened to be made aware of her passing this morning. Many who I told were genuinely distraught and wish to know what happened to her. She was a wonderful woman. Thank you for your time. If you have any information, please let us know. Witt1213@comcast.net

Monica was infectious, her spirit, smile and laughter could lift anyone up! I met her playing beach volleyball and although I was the "new" girl she welcomed me and embraced me from the very moment I stepped foot on the sand. She was always laughing, I can hear it now, instantly you would just have to smile listening to her. Her competitive and playful spirit was awesome, she was sooo into playing volleyball, it made you want to be out there hustling right along with her. Monica, you will be missed, I am so thankful I was able to see you before you left us, I love you and will never forget you.....xoxo, Andrea

I met Monica when she first came to KAF to work with OHS. She worked on this FOB and many others, but we always kept in contact. Being overseas for an extended period of time can be difficult but it is the joy of gaining strong friendships that get us through. Monica was one of those wonderful people, someone that I consider a true friend out here. She was always so full of life and her presence and laughter were a joy to be around. I will never forget her projects with the henna tattoo or all the conversations that we had. She left us only a couple weeks ago and it feels like I was just wishing her a safe trip home and talking with her about a future trip to visit her in Florida..Monica-You left so fast but I hope that you enjoyed every last moment. You are a great friend and will never be forgotten. Your bright spirit will always be with us and remembered. -Jasmine Higgins
