My name is Marleen Hewins. I taught Saturday aerobics at Kelly Greens for 18 years. Barbara was an avid pupil. In fact, she was at my class 3 weeks before she passed away with her daughter. I did not know that she was ill. She never showed that she was not well. She may have complained about a back ache or shoulder pain but that was it. I was very shocked to hear of her illness and death. I will miss her very much because she was an inspiration to me. She kept the girls in class in line when they were talking and not listening. She had a strong arm, but she had a kind heart. My sincerest sympathy do all her family and close friends.
