We will miss Loran very much. We will think of him when we go to Disney World next, as he once told us that his picture was hanging there...Dopey!! We still tell everyone that Caraline's eyes are 'tahiastian' blue, another memory from Loran ... and that is how we will remember him.

Uncle Loran was pretty much the coolest old guy I ever met. He was super-funny and sharp as a tack but always has great humanity and warmth. He was a real inspiration to me and I will miss him always.

Dear Glenda: We are so glad that Karla and Jose are there with you at this time. Tell them thank you for us. We will all miss Loran, but none of us more than you. Loran was a role model for a lot of people, and he helped so many people all his life. He was a good Christian man that "lived" the Christian life and it showed. We are to be thankful that he is with our mighty God and is free from disease, and I am sure has a very happy smile on his face once again. Our thoughts and prayers are with you, and will all of Loran's family and friends at this time. Love and prayers, Janice Tony Tim
