Hey grandma I know this is coming out of no where but I miss you everyday. The life struggle is so hard without you to lean on. You were my spot to run when I needed to get away. Things have changed so much and I hope we have made you proud. I hope I'm making you proud. I want to thank you for being with me through this last year I know your presence helped me through one of the hardest things I've gone through. Mom will be ok but it is just so hard without you. Love and miss you everyday. Every time I see a blue butterfly I know it's you. I'm so grateful for all the things I got from you. Love you.

Mom I miss you each and everyday and you would think it would get easier, but each day it seems to be harder than the last but I know you are no longer in pain and I take comfort in that. You will be missed by anyone that knew you as they all loved you in their own way! We will be celebrating your life in Americus on July 28th and there will be the message balloon release, I had a beautiful painting done for your service and a lot of people will be there. I hope that you are pleased with what we have in store for your celebration, but know I love and miss you!

Dear June – You helped me many times in my life and I will never forget that or forget you. I won't be forgetting your beautiful blue eyes and your flashing white teeth whenever you smiled or laughed, which was often! You taught me many things about life and what always amazed me, was your love of and connection to, animals. I hope you get to see Sinbad, Queen Fuzz, Cruiser, Sam and all the other animals you loved and cherished, again. June – You, Bonnie, Annie and Chris were my family when I had none. May God fold you in His strong and loving arms while guiding you into your next life and next adventure. I'll be seeing you again, sooner or later! With Love, Hoove
