I'll always remember you! There's not a day that goes by that I don't think of you. You are the strongest most inspiration woman in my life, and you always will be. One of your biggest fears was how Derrick and I would go on... Well, we owe it all to you, because you showed us everyday how to fight and survive. We're ok mom! I only hope to make you proud and to live each day to the absolute fullest. I'll take you with me on every journey life throws my way, don't forget you're wearing royal blue to my wedding! Keep me safe mom, surround me with your love and keep leading the way for me, I'll always need you. I'll always look to you for the answer and I'll always take an extra breath to think what my mother would do. No words in this world could ever describe how much I miss you. I can't wait until the day I see you again, save me a seat right next to you there in heaven! Until then, I love you my guardian angel! Always and Forever, Your baby girl-Jasmine
