Dearest Kathy, the world misses you. You had a beautiful spirit that was immediately apparent to anyone who knew you – it came out in that dazzling smile you had, and the laugh that could light up a room. Conversations with you were never just bits and pieces of meaningless small talk. Somehow you always cut to the heart of things, and your honesty made people feel that they could open up to you. You inspired intense feelings of love and loyalty in your family, and I know that your passing will leave a pain in their hearts that will never go away. Godspeed, dear soul. All my love to you, and to those of your dear ones that I know and also love — Lori, Josef, A.J., Ali, Margaret and Greg. Rhonda Denholtz
