Aunt Rosalie—my mother Elizabeth's elder sister was a constant and un-wavering aunt who loved her family so very much. I recall her visits as a child- upbeat, loving and positive. My many visits to her homes in New York and New Jersey, her support to me during my college years and early teaching career, her love and fun with my mother who she was very devoted to— and visa versa. She was energetic, caring and resourceful- hard working. She still had a Baltimore lilt in her speech even after 75 years after having left that city. She is the last of the Youse family and Weber family of that generation. She will be in our hearts and memories for ever and will be missed greatly. Nephew Richard Elias

It is with great sadness that I write this upon learning of your passing. Grandma Rosalie, when I think of you, I think of how kind, caring, and giving you were. I think of how much love you had for your family and how you did whatever you could to help. Your heart was big and many times you were the glue that held things together. You were a great mother, a wonderful grandmother, an amazing friend, an exquisite lady, beautiful inside and out. I cannot believe it 14 was years ago that I met you. And while its been years since I've seen you, it was priviledge and a blessing to have known you. My heart goes out to the family. I send my condolences to everyone. You are all in my thoughts and prayers during this difficult time. I know Rosalie will be missed dearly, but she is at peace, watching down on each and every one of you. Take care, Erika Kulyeshie (Dimmelmeier) Parsippany, NJ

Gradma, I only knew you for a couple years, but I know that you were an amazing woman, and I am happy that I got to have you in my life while I dated your grandson. I admired you for how strong you were, for being so family oriented, and doing everything you possibly could, to help take care of your family. I know that meant the world to them, and they appreciated you dearly for it. You were always very kind to me, and when things went bad and I was upset, you were there to help comfort me, as you know, life can be so hard sometimes. My great-grandmother passed a couple years ago at 103. I see you lived to be 97, which is a very long, fulfilling life, just like she had. I know the two of you are in heaven together, looking down upon our families, watching after everyone. I give my deepest sympathy and condolences to your family and everyone who has been effected from your passing. A message for your loved ones: Remember God is always with us. He will look after each and every one of us in this life, and the next. When he needs us in his kingdom, unfortunately he takes us, and its the most painful thing people must endure during life; losing the ones they love. However, as badly as it hurts right now, know that she is in a better place, where she can finally be at peace and with all of the loved ones she had lost through out her lifetime. She was such a dedicated and hardworking woman, I know God saved her a special spot in Heaven, where she may rest now for eternity. May you rest in peace, I will pray for you and your loved ones, as they mourn your loss during this difficult time. With warmth and love, sincerely, Sandy Vaughn.
