It is sad for me that the deepest insights I have into who Donna was came to light after she passed away. I deeply regret that she and I never had the time to get to know one another, and seeing Allen lose her has taught me some very important lessons about how short life is. I want to thank Donna for giving me Allen. He is my life, best friend and soul mate. Donna, I hope wherever you are you can see Allen with his family and know how happy he has made us all! Thank you. You seem like an amazing person and you will always be in my thoughts.

Mom I miss you so much I only wish we stayed as close as I wanted. I blame myself for this. You taught me how to love and forget about remorse and always laugh at the worse. Your grandkids would love your smile and sense of humor. I only wish you could give the motivation to get through this like you always pushed me to do when I was a kid. Kurt helped me through this and showed me he was a true brother and family. You would have been proud of what we did and we did it because we love you. Rest in peace Mom love you till the day I die and then eternity! Allen

I am sad today. The three of us grew apart in the last year. The last time I talked to her was when my dad died in October. Donna was funny and had a great sence of humor. She taught me quite a bit about life too. She brought her son Allen back in my life as a parting gift.
