John Nelson became our "family" member when we first moved to Jacksonville getting married. Gene and he went out golfing very often. He came and visited us all times talking to our children. They called him "Uncle John". We continued keeping in contact as we moved to Washington DC as Gene got a job and John did move there to attend Gally. After his graduation, we kept in touch with him when he moved back to Florida. I just thought about him yesterday wondering how he was doing. Was stunned to learn of his death today. We will miss him.
