Andrea and I had many classes together at Murdock Middle School. She was my buddy first in 6th grade PE and we would choose to partner up as much as we could. I loved sitting by her because she was a kind spirit with a big smile. Her laughter is one I remember most because my life goal at that time was to make people laugh! Even though we lost contact over the years, the amazing world of social media allowed us to catch up again. My thoughts and prayers go to Andrea's children and mother. She was a light gone too soon.
