Allison has so many family and friends that will miss her dearly. Her loving parents, John and Janet, her sister, Michelle, brothers, John and Michael, and numerous other family, and friends from Greendale and Lawrenceburg Indiana, where she grew up, know just how special she was. She was a beautiful light with a beautiful smile. She was definitely a close neighbor that I looked up to as a kid. My prayers are with all her family that I know. I miss going around the corner and hanging out at the Rose house on their front rock wall and going to the Corner Deli.

Allison was a very special girl. We met after she moved to Indy in the early 2000s. I remember her contagious smile, her sense of humor and not taking herself too seriously. She put everyone at ease when meeting someone new, making her chair a non issue. She was so happy to meet both of my kids when they were born and held them in her lap happily celebrating w me. I'll miss you Alli!
