David was an amazing and wonderful person, full of love and kindness towards anyone. While the time that I knew him may have been short, he always had the warmest thoughts towards my children and I. David was one of the first people that I met when I moved to the United States, and I am glad that he was as I was able to meet a true friend. Through the passage of time, David always kept in contact with me and always lent a helping hand when I needed it. He was a great influence, not just on me but on my children as well. We will always remember him. Today, Heaven has gained an angel which will be missed by many down here. My deepest and heartfelt condolences go towards the family. Much love, Gaby Hernandez and family.

Dear Drew, Deanna and family, My deepest and most heartfelt condolences to you, such a great loss. I will always treasure the time and the lessons he taught me, a true icon and a wonderful person. Kismet Lakes will never be the same - I will miss our conversations about Kismet and but most of all how much and how deeply he loved his children and grandchildren. May the memories and the many fun times bring you joy and peace. Much love, Char and Eric
