Betti was a amazing grandma and great grandma. She was a beautiful soul. She always had a smile on her face and loved life. You couldn't help but smile and be happy in her presence. She taught us to love and be kind and always see the good. She will forever be loved and missed. Till we meet again my precious angel. Give our love to everyone up there.

I had the privilege of meeting Betti just after her first stroke. We spent time together learning, laughing, and just enjoying each other several days a week. She truly had a loving nature about her and did in fact say life is good just about every day. I love that lady and I will truly miss her and her laugh. My life is better because of her.
