I remember meeting you when I was a lowly freshman in college. You were visiting Rich and there was a lively discussion on the issues of the day. You were always very thoughtful and considerate of others opinions. You cared deeply about our great republic. I greatly value the memory of us raising a glass all hoping for the best for our nation.

I fondly remember Dick visiting me in Germany when I worked there, and how often he tried to convince me to move to Florida! He was always so concerned for the welfare of his 'little sister', even into my 60's! He was a kind and gentle soul with so much patience and understanding and forgiveness. He will be sorely missed.
