Stephen Matthew McDonnell

MAY 5, 1963 - DEC 25, 2022

Stephen Matthew McDonnell, born May 5th, 1963 in Hollywood FL, passed away peacefully in his sleep at the age of 59 on Christmas day, December 25th, 2022.

He is survived by his 3 Children: Brittany McDonnell (Bryan Pellicer), Dylan McDonnell (Victoria Olmsted), Rachael McDonnell (Alex Martinez). His ex-wife of 30yrs Eileen (Gould) McDonnell; His 5 Grandchildren: Noah McDonnell (9), Julia Pellicer (5), Chloe Pellicer (3), Saleena Martinez (2), Jack Martinez (2 months), and 1 bonus Granddaughter Alyssa Pellicer (15). His siblings: Pat Delano, Lorraine Stevenson, & Richard McDonnell. He was predeceased by his parents: Lawrence (Ed) McDonnell, Mary Kathleen (Millard) McDonnell, his brother John McDonnell, and his oldest son Stephen Matthew McDonnell, Jr.

Raised in Yonkers, New York he was the youngest of 5 children, and graduated from Saunders Trades and Technical High School. He moved back to Florida in his early 20's and met his wife Eileen who he spent 36 years of a life, marriage, and children with. Steve was very smart and excelled as an engineer of CAD designing fire alarm systems for Lee/Collier County. His final position in 2018 was an accomplished dream of his; Florida State Fire Marshall for Lee/Collier County. Steve had a great sense of humor, was the greatest practical joker and very outgoing. He worked very hard to secure a life for his wife and children, only ever wanting to see them succeed. Steve influenced many lives, and we share fond memories with friends and family. Steve had a big heart and would give you the shirt off his back. He was always there for his children. He loved old cars and owned many Mopar's in his lifetime. "Betty" being his high school car, a 1969 Dodge Charger, was the love of his life. He taught Dylan how to work on cars and fix them, he taught Brittany how to do Math beyond her years and CAD design. He taught Rachael her love of music and took her to see Black Sabbath in concert. Steve will be sorely missed by all who knew him... Gone but never forgotten in the lives of his children, and his grandchildren.

Flowers or donations can be sent to his daughter: Brittany McDonnell.

Steve was one of my longest friendships in life. I met Steve when I moved to the duplex across the street from his family in about 1985. We both had an affection for 1970's Dodge and Plymouth "muscle cars". At the time Steve had his "Betty" which at that time was in primer gray and black and had just received a rebuild on his 383. I had a 73 Cuda and had just bought a 74 Barracuda for parts but was driving it with no interior panels and a bungee cord holding the passenger door shut because the door hardware was missing. I made the U-turn in front of Steve's duplex and the door flew open. I heard this cackling laughter and "Plymouth sucks" come from his driveway. I stopped and got out to tie the door shut again and that was the beginning of a lifetime friendship. He used to remind me of that pile of junk car regularly while laughing and I would make the Dukes of Hazzard "General Lee" horn sound. It was our way of poking each other in the ribs. I will always remember Steve as "the guy who would do anything for a friend and everything for his kids". Steve would give the shirt off his back if you needed it. We lost touch for a while after I remarried and moved to the other coast for a few years but one day I walked into 7-11 on Palm Tree Blvd and here's this stocky Irishman with now gray hair tormenting the cashier. I stood there and started laughing knowing it was Steve. He turned, looked at me and we were right back where we left off. A few pounds heavier and a few more gray hairs but it was like the clocks went back for us. In life you will make a lot of acquaintances and a few really close friends that regardless of how much time passes you still have that connection. That was our relationship, it was a blood brotherhood and we are family. I am lucky enough to have you as my closest friend for decades. Hopefully there is a 7-11 up there I can walk into and we can pick this right back up. Love and miss you my brother.

I love this. Thank you Dave. I laughed at the Plymouth sucks comment. I can just hear him saying it.
