I don't know how to express that I am going to miss talking or texting Donna every day for the last year and a half. We laughed a lot and had fun talking about food, problems she was having and of course her health. I tried to keep her up beat and to keep fighting because she wanted me to buy her a nice seafood dinner when she got better. Kristina and Joe I know she could be a pain in the butt sometimes but she really loved you guys. I wish I could of been down there to help out with her but I tried to talk with her to calm her down when you guys were having problems and tell her to work it out with you guys and don't argue so much you know how she was lol. Kristina stay strong and you will get through this. Rest in peace my dear.
