Carly was my mentor, friend, sister and a mother to me! I will miss her dearly! I loved her so much. She was always there for me with positive words and encouragement. The world is a smaller place without her in it!! May she find peace and relief! With much love, Leslee Kies.

I moved to Estero for my work in 2015, having no friends or family in the area. Carly was one of the first people I met and she was a beacon of light. She introduced me into her circle of friends and for many years we had a fantastic happy hour group that shared such good times together. She and Mark were beautifully paired - both compassionate towards others. Carly's memory will shine bright in the minds of all who knew her.

Carly loved to bring people together to have fun. With a twinkle in her eye, she invited me into my first group of Florida friends who got together regularly for share food, drinks, and conversation about our lives. May her memory be a blessing for all those friends who were connected through her.
