Rona was the most thoughtful and kind hearted soul I have ever met. From getting me out of my comfort zone to doing life together. My best memories were with you. Our roadtrips, eating whatever our hearts desired, putting up the Christmas tree and wrapping presents, surprising each other, karaoke in the living room, playing the ukulele while you sing, laughing at anything and everything, making the best charcuterie boards, late nights just sitting on the balcony together talking about life. I could go on and on. Your memories will live forever in my heart. Thank you for being our big sister and best friend. I miss you. Ems and I are forever grateful to have experienced life with you. I love you so much, Pwenny ❤️

I'm going to miss your weird jokes and that laugh... that laugh so hard that it ends in snorts and we start laughing all over again. Thank you for being YOU- a burst of light- bubbly, goofy, MOST RANDOM, and unapologetically you. You'll be missed, always loved, and never forgotten. Until we meet again my white & nerdy friend. Roonaa Maarreee!! Missus YOLO! Si Mari... she was a beautiful burst of light-bubbly, goofy, random, and unapologetically herself. She could make anyone laugh, usually by being the total dorkette we all knew and loved. Life with her was full of weird jokes, spontaneous adventures, and laughter that made your stomach hurt. She was a true friend! I'll miss her driving me around, our endless Ruzzle games, (endless because I won't stop until I win a round!), and our diets that ended with us at a restaurant after 2 days of starting!! She loved her family deeply and talked about you all the time—you were everything to her. My heart is with you in this unimaginable loss. Heaven couldn't wait any longer for their Angel. Mari, thank you for being exactly who you were - a friend and beautiful person inside & out. You'll always be missed, always loved, and never forgotten. I can hear your laughter and snorts already! Until we meet again my white & nerdy friend! My Pisces sister for real!

Roonaaa Marrieeee!! Missus YOLO! Si Mari!! I've been putting off writing/sharing a memory as it would mean that this is REAL!! Rona was a light—bright, unpredictable, and impossible to ignore. She lived her life with a kind of joyful chaos that made every moment around her unforgettable. If you knew Rona, you knew her laughter. Spontaneous dance parties in the IT&E kitchen, random jokes that made absolutely no sense—but somehow made you laugh until your stomach hurt. You knew that she could turn an ordinary day into a wild adventure, just by being herself. She was goofy in the best way—the ultimate dork (and proudly so). She'd crack herself up doing the weirdest things, and then laugh even harder when no one else got the joke. But that was the magic of her—she didn't need an audience. She was the show. I'll miss so many things—her laugh, her randomness, her late-night meme's that reminded her of a joke we laughed about—but I'll especially miss her driving me around like my personal Uber (singing at the top of her voice of course and always down to go wherever), and our endless games of Ruzzle because I won't stop until I win a round! >_But beneath all the dorkiness and jokes was a heart that loved hard and cared deeply. She showed up—fully, unapologetically, and with more snacks than anyone needed. She reminded us that life doesn't have to be perfect to be beautiful, and that sometimes, being a little weird is exactly what the world needs more of. Mari, thank you for every laugh, every random moment, every ride, & every game. You were a true friend and you made life better just by being in it. I'll carry your spirit with me always. Til we meet again, my white and nerdy friend! My Pisces sister My deepest condolences to her family, whom she loved, adored, and was so proud of! Heaven couldn't wait any longer for their Angel!

Rona was such a special person ☐ She was very smart, ambitious and hard-working, yet at the same time she was easygoing, fun, and always up for something spontaneous. I could text her last-minute with a random plan, and somehow she'd already be putting on her shoes. Rona had this calm, grounding energy that made me feel safe around her. Sadly, I don't have a lot of great memories from MCS but the few that I do remember includes you always being giggly and smiling when I see you, and your kindness. I met Rona when we worked together in IT&E. I remember approaching her and asking if she wanted to take my OT because I had an exam, and she didn't even hesitate and said yes immediately. Turns out, she was also working with my grandma in DFS! My grandma ADORES Rona, she boasts about her to everyone who will listen, like she is her granddaughter. I had to get to know her, and I did. From then on, we became friends. Rona has always been bubbly and friendly; she never fails to greet everyone with a smile and makes those around her laugh. We made so many memories together—through laughter and tears. We would sit next to each other during our shifts and yap and laugh through it. I remember she always comes by our house and just hangs out for hours. Whenever she feels stressed, we would go to a karaoke and just sing our hearts out. She'd pick me up and make me go with her to do the most random things, and we were always laughing and smiling. Rona was my go-to person whenever I needed advice; she is a great listener and always shares her take on things. Sometimes, we'll park and sit by the beach and just talk about anything, from random things to the deepest of our thoughts unraveled. Rona is one of my most cherished friends, and I am so grateful to have met her in this life. I will miss you forever, Rona. I hope we meet again in our next lives.

My grandma, who was also her coworker in DFS, adored her so much and even boasts about her like her own granddaughter .My fondest memory of Rona is her coming over to my house and eat at the most random days and random-est of times. She asks me to cook for her and loves everything I made for her. Being her friend is so great because she taught me so many valuable things and made me learn a lot of lessons too. Whenever we need a pick-me-up activity; her go to is always karaoke and dining out while talking about the deepest insights about life, love, family, career—everything. I've known her for over 15 years. I first met her in college. We found out we have the same name. Rona has such a bubbly personality. It was so easy to get along with her. The first day we met, we just clicked. As if we've known each other for a long time. Since then, we became best of friends. I have lots of fond memories with Rona. One was when she made me japanese omelette from scratch with a heart-shaped catsup on top. She has always been a good cook and she loves to do something special to people that she loves. She's very generous and thoughtful. Another one was when she planned an itinerary for us to go to Japan during spring season because cherry blossoms are my favorite. That trip was very memorable. These photos were taken, April 8th 2018. The day I asked her to be my maid of honor. She was with me thru ups and down and I know that I could not get married without her on my side. I truly cherished her and her passing was definitely shocking and heart wrenching. I already miss you Rona but I am comforted that you're with God in heaven. Til we meet again ❤️

Even after long periods of not seeing each other, she was always warm and genuinely wanted to know how you were doing. You will be missed, Rona
