“ My fondest memories of Alec was when I was in middle school and in the summers he would take me and my sister and my mom to the creek and we would jump off the bridge into the creek and angus was with us and it was just good summer fun. Alec never failed to lighten up the room when people were sad. He always enjoyed making others laugh even at his own expense he was a funny dude and a really smart one too. He was a hard worker and a lover of many things may it be motorcross , monster energy or even boxers he loved it all dearly. He will be forever missed and always be in my family's hearts and memories he made an outstanding impact on others hopefully we keep his memory alive to the fullest.
