“ David, where do I begin. I was 15 your were 17, and we were wild flowers blowing in the wind. I will always keep our memories in my heart. You will be missed so much but, I know you would want all of us to embrace the rest of our lives. I am so glad we all got together at Mike’s that weekend! It was the most memorable time in my life, truly. Fly high free bird!! You will always and forever be in my heart!!!

“ Dave, my friend since Middle School. I am lost with words but I know in my heart you understand what I am trying to say. We have so many memories and I will keep them tucked in my heart until we meet again. Your family was a part of mine in our teenage years and still is now. So glad we got to reconnect the past few months just wish it was under better reasons. You will Forever be loved and missed. Keep your watch over all of us cause we all need it and definitely feel it. Love you my FOREVER friend.

“ Farewell Dear Brother. You were always my best friend. Words can't possibly explain how we are feeling. You had the biggest heart and were loved by anyone who knew you. You took me in when I needed it most. And our memories will live within me forever. I know you are no longer suffering, and you never should have. I don't know how or where, but I will see you again. I miss you more every day. But I feel your presence. There has never been a better big brother. Rest easy David. I love you so much.

“ Dear Dave,
Although i had just met you,you are someone special...
This world just got a little dimmer now that you have left this earth...I try to understand why but just can't!!! I just wanna tell you what an honor and privilege it was we got to meet...and i will never forget you!!! I'm not really good with words when it comes to anything like this especially saying goodbye but we don't have to say it...I remember what you said,"see ya on the flip side!!!" So with that being said,I'll see you on the flip side!!! Thank you for reminding me that life is short not to take anything for granted...and just love each other.
Love Always,
Kitty

“ My Dearest Brother and Best Friend ~ I miss you even more than you knew I would. A piece of me died with you, even though I know a piece of you will live on within my heart eternally. I am forever grateful for all the times we had together, all the fun we had and all the laughter we shared. Life will never be the same without you. You touched the lives of more people than you will ever know. Your heart was golden and your smile was contagious. It's been a privilege to call myself your Big Sister! All Of My Love, Little Brother. May you finally find the peace you deserve. Until we meet again...xoxo
