“ My Sweet Terry Lee,

Yesterday would have been your 76th Birthday! Instead we had a Celebration of Your Life at Perry's house.

I know you were there I could feel your presence all day. I hope you approved My Love! There were many stories about "The Green House" told. Becky and her boyfriend showed and were a delight. Too many people to mention them all.

Our wonderful sons made sure it ran smoothly and Tammie and Perry did an amazing job as well.

“ My Sweet Terry Lee,

It was one month ago today that you passed and became an Angel in Heaven after being an Angel on Earth for just short of 76 years! Words can not express how much I miss you.

I was blessed to have you in my life as my Best Friend, Wife, and Mother of our three wonderful Sons for over 50 years. I always thought it would be much longer, but God called you Home. I know you knew Noah and I were holding your hands as you passed. I feel really blessed to have been there.

Your Butterfly garden is doing very well and I see many every day. I hope you know that when I see one I say "Hello My Love." Tebow has just started getting in bed with me when I go to bed. Emmy and Spring are doing well too!

I will see you again some day my Love, and we can go back to the Green House!!!

Peanut Butter,
Larry

“ My Sweet Terry Lee,

Today is the one month anniversary of your passing. I miss you more than words can express! I feel so blessed to have spent over fifty years with you and that Noah and I were holding your hands as you slipped away to Heaven! Heaven is no doubt a better place now that you reside there!

It took Tebow at least a week before he would get into bed with me. Now it's every night. He sure was a Momma's Boy. Emmy and Spring miss you as well. Your "Butterfly Garden" is thriving and every time I see a butterfly I think of you and say "Hello My Love" luckily it is several time a day.

As you know tomorrow is my birthday and it wont be the same without you. We have have a "Celebration of Life" planned on your birthday. A life I was blessed to share with you, but just not as long as I had dreamed we would!

Love Always,
Larry

“ Terry was the most kind and generous person you could ever know, she shared her knowledge of dogs and dog training with me and her love of gardening, I am going to miss my best friend and co conspirator in buying plants, when we already had an overflowing garden there was always room for one more plant. Love you Terry, you were my sister, best friend and always there for me. I am going to miss our little trips and time spent doing things together. You will be forever in my heart. Irene

“ Terry will remain one of the most respected dog people I have ever had the pleasure of knowing. She gave me my heart dog when I was about 13 yrs old. He was an incredible English pointer named Turbo who changed my life. She encouraged my love of dogs and taught me so much about training and showing. She was always a phone call away and I will truly miss her. I know all the dogs greeting her were in a perfect sit, stay when she arrived “home”. Much love to her family and prayers for your broken hearts. She was integral in starting g the Lee County Cell Dogs program with Animal Services back in 2005 and thanks to her hard work the program continues on and countless lives have been saved.

“ Terry was the most kind and gentle person and a wonderful mother to her 3 sons. She was always ready to help if you had any pet related issues or emergencies. I'm grateful to have known her and enjoyed the time spent with her and my very best friend, her eldest son. The last time I saw her was during the holidays in 2008/2009. I was invited to their home and was the only non family member present. I felt honored and welcomed. I will never forget Terry. ...so many good memories! My heart goes out to the family. I feel the ache and have cried many tears throughout the last 4 months. It brings me great comfort to know that everyone that has a beloved pet who has crossed the rainbow bridge can rest assured that Terry is there taking good care of them.

“ Terry was a really good big sister to me and our brother Kevin. She was a protector, "Earth Mother," animal lover, trainer, and advocate, and a wonderful mother. She and Larry were good together for a lot of years. We will miss her.
